

Welcome to the Party!

I've had the pleasure to serve the Summit County Republican Party for the last three years as the Ranch Place Precinct Chair and Region Chair for Snyderville, Utah.

Supporting our local candidates, the twenty-two precincts of Snyderville and many regional interactions with voters has made me appreciate what makes Summit County Utah both special and challenging.

Getting to know our many communities and neighbors begins as a new journey. It continues by putting time into each challenge and being curious where those paths and connections may bear fruit.

The best part has been working with our local candidates that have had the courage and determination to pursue public office. By being involved, I've experienced personal growth and renewed respect for the work is put into these endeavors, especially during the last election.

I am grateful for the opportunity to serve the people of Utah in a small way and I am hopeful in the new directions and resolve to make the county and the country a better place to live.

Favorite Poem: "*Prayer For April Blessings*" By Karen Michele Raines

Force of wind
And warmth of sun,

Compel the seeds
Of good we've done!

Scatter far and scatter wide,
That truth reveal what dark can't hide.

Respectfully, Jay Deuser 2025
