LETTER OF RECOMMENDATION

FROM: Lt Col (Ret) Susan Meng
3323 Fairfield Circle
Mountain Green, UT 84050

SUBJECT: Letter for Recommendation for Tiara Auxier

1. I am delighted to write a letter of recommendation for Tiara Auxier for Utah State Representative. I am a Scouting America Cub Scout leader for the Wolf Den in our area. Tiara and her son joined our den in September 2024. Immediately, Tiara began planning incredible opportunities for the boys. She saw that our scouts needed some hiking and survival items, but instead of using our funds, she expertly sourced the items in the community by way of donations. Tiara outfitted our scouts with everything they needed. She is the most resourceful person I have ever known.
2. During our weekly meetings, I have seen Tiara work with other people who are different from herself. She is respectful and can work with anyone. She is open to the ideas of other people and facilitates teamwork even when the decided game plan is different from her original idea. While planning and organizing so many enriching activities for the scouts, she has accepted none of the credit. She loves to see people and organizations succeed, and it does not matter to her if she gets praise and recognition; she works for the good of everyone. She is a natural leader who will be an excellent representative of Utahns.
3. As a disabled retired veteran, I have worked with many leaders in my 22 years in the military. Tiara is consistent in her loyalty, values and positions regardless of outside influences or persuasions. She is a hard-charger who works tirelessly to do what is right. Tiara has a strong voice for the people and has a passion for getting involved in issues affecting our incredible community. Tiara demands to be heard and will not be pushed around while at the same time being respectful and collaborating with others. She is able to balance these delicately in order to get what she wants. She shares the same values as myself and will stand up for what the people demand.
