

Call Scripts for Phil Lyman

Detailed:

Hi [Name]!

My name is _____. I'm a state delegate here in Utah and we have a primary coming up on June 23rd. Ballots will be mailed in early June.

I'm calling to ask you to vote - first and foremost - but also to encourage you to vote to send Phil Lyman to DC as Utah's Representative for Congressional District 3.

Phil Lyman is a principled advocate of TRANSPARENCY in government, allowing Utahns to decide how Utah public lands, waters and properties are used, and is a warrior for election integrity.

Phil was born and raised in Blanding Utah and his kids and grandkids all live here. He served as a county commissioner and state legislator for years. He still runs his CPA firm so understands well the struggles of small businesses, the lifeblood of our state.

CD3 comprises over 60% of the state of Utah. Phil understands both the rural and urban challenges that Utah faces while fending off federal government's desire to dictate. He will fight for Utah's voters in DC.

His opponent, Celeste Maloy, is a current DC representative for Utah. She has spent significant parts of her life living in Las Vegas and Virginia. Celeste is opposed to deportations on the crime of being in the US illegally and wants to expand visa privileges. She voted to keep the "kill switch" in automobiles that will allow government agents to shut down your vehicle. And she voted to not reveal information on the Congressional "slush fund" used for sexual misconduct cases involving our DC legislators.

Please vote for Utah's residents. Vote for Phil Lyman for CD3.
